

Archive

A flexible compact archive in lacquered steel sheet that can be customized to the different formats archived, ex A4 or standing A4. The height, width or length can be adjusted and designed as needed.

Compact Archive with steering lock and back panels for added security.

Robust, flexible archive for efficient storage of large quantities. Gables and shelves in steel can hold high loads, 50–120 kg per shelf at distributed load. It's also possible to customize the archive so it can hold even more weight. Choose between steering wheel, power steering or handle.

Lacquered sheet steel as shown above or with side panels and shelves in solid varnished pine.

Can be adapted to different archive formats, eg landscape A4 or portrait A4. The height, width or length of the system can be easily adjusted as required.

Steering wheel-driven compact archive with pull-out filing for different folder sizes.

Pine

Complete archive for efficient storage of large volumes. Compact, robust and easy to work. Gables and shelves in lacquered solid pine. Archives withstand very high loads – 100 kg per shelf. If necessary, the archive can be adapted to hold greater loads. Choose between the wheel operation or handles.
