# Ridge

Design | **Studio Doms**

Anthracite NCS/RAL 7016 | Saffron NCS/RAL 1017 | Pearl white RAL 1013 | Warm grey NCS/RAL 7032

Ridge, with its special expression, becomes a different and expressive feature in the modern office. It gives the impression of an interior detail, not just a recycling station. Standing together Ridge creates a feeling of a city skyline. Details such as bevelled outer edges and a slight distance between the frame and top shows a feel of quality and detail.

A very stable construction that is built of 22 mm MDF and lacquered in 11 standard colours. The stainless steel ramp for easy access of a 140 L waste bin is not only a practical detail, but also a part of the design that stands out. Ridge is also available in two heights, low and high.

What distinguishes low and high is the slope of the upper frame. Both versions are easily emptied with the door's aximate hinges, 135° opening. Ridge can be ordered with different recycling symbols depending on the purpose and waste.

- Integrated bag holder in stainless steel for sack is included in Ridge low/high Bag
- Door protection and loading ramp all in stainless steel
- Door and rubber mat included
- Adjustable feet
- Doors with aximate hinges, 135°

Ridge Images

Dimensions: Width x Height x Depth.

Bottom/Gable/Top: 22 mm lacquered MDF. Door/Back: 16 mm lacquered MDF.
